WHAT CHANGED, AND WHY

#	Was	Now	Reason
1	Copyright Marisol Vance	Copyright 2026 Marisol Vance	A notice appears on this page, and 17 U.S.C. 401(b) provides that a notice that appears "shall consist of the following three elements." The year of first publication is one of them, and TR-4 gives it as 2026.
2	ISBN 978-1-XXXXXX-15-4 (hardcover)	ISBN 978-1-XXXXXX-14-7 (hardcover)	TR-5 assigns 978-1-XXXXXX-14-7 to the hardcover and TR-6 assigns 978-1-XXXXXX-15-4 to the paperback. The ISBN Users' Manual provides that different product forms of a publication require separate ISBNs, and that a number once assigned can never be reused.
3	(nothing lists the other formats)	[Query to the publisher: TR-6 and TR-7 record numbers for the paperback and the downloadable audiobook. Whether those are listed on this page is a decision for the house, and no lines have been added for them.]	The manual requires separate numbers for separate product forms. Whether a hardcover verso prints the numbers for the other forms is a house decision, and the record does not settle it.
4	Title: The Long Shore / Marisol Vance.	Title: The Long Shore : a history of the Atlantic ports / Marisol Vance.	TR-8 gives the title field as the Library of Congress supplied it, and the subtitle is in it. The Library states that the publisher prints the record it supplies, so the field is restored to what TR-8 records.
5	BISAC: HIS036000, TRA006010, HIS027000, HIS000000	BISAC: HIS036000, TRA006010, HIS027000	TR-9 records three codes, and a fourth appears on the page. BISG recommends no more than three for any title, and adds that supplying both a specific and a general subject heading "is discouraged."
